

The 87th renewal of the Men's Amateur is unique in that it intensifies this area's commitment to two local non for profit agencies, The Intandem Foundation and Home Care & Hospice Foundation are probably the most gifted and caring entities in this region, that reach out and thoughtfully touch many individuals that may not be as fortunate as the rest of us.

As of the printing of this booklet the 2022 sponsors for this year's tournament are listed below. Last year's sponsor list is on the inside back cover, You will note that most of the listings are the same and because of that we would like to say a special "THANK YOU" to those continuing sponsors for their generosity and foresight, To those that are new, welcome and thank you also.

These contributions also support the 10 entries into the tournament from the Penn York Junior Golf League, in which Kudos must be directed at the Forrest family for tirelessly producing a first class Junior program which was taken over by Kyle Henzel in 2017.

And finally the John R. Henzel Memorial Scholarship is also funded with the help of our sponsors, contributing over \$18,500 the last 24 years to college freshmen to be.

There is one given: this year we have increased the amount of money we will be able to contribute to the agencies, and the Tournament Committee is dedicated to duplicating that effort every year for at least the next ten.

Kyle Henzel
